Dear Ms Mitchell

RE: AMENDMENT C50 PANEL REPORT

I refer to the Panel Report for Amendment C50 to the Manningham Planning Scheme, which we received on 20th February 2006. I am concerned that some of the factual information contained in the Report is incorrect. Given the Panel Report is a public document that serves as a historical record, I request that this report be amended as a matter of urgency so that it reflects an accurate representation of the information presented to the Panel at the public hearing.

Council anticipates that this report will be made available to the general public on 20th March 2006. There has been considerable interest from Council, ratepayers, other local councils and the media in relation to this amendment. I am concerned that given some of the information is incorrect it will create considerable confusion to the general public and may be misrepresented by the local media and other forums.
